

Construction Update on future Atlanta Coca-Cola Sales and Distribution facility Mason Road & South Fulton Parkway, Union City, GA March/April 2018

Coca-Cola Bottling Company UNITED and its Construction Manager Brasfield & Gorrie will provide regular updates on the construction progress of a new sales and distribution center. Coca-Cola UNITED is committed to being a good neighbor and has a legacy of positively impacting the communities where we have facilities and where our associates live and work. This will continue as we make our new home in Union City.

Background on new facility:

To better serve Metro Atlanta customers, Coca-Cola Bottling Company UNITED is building a state-of-the-art sales and distribution facility south of Atlanta in Union City on Mason Road and South Fulton Parkway. This facility will replace the current South Metro sales and distribution center that is located in College Park on Buffington Road since 1962.

Project Update (as of April 6, 2018):

Timeline: The facility is expected to be fully operational by early 2020.

Site Preparation: Site preparation continues with filling of low areas and leveling the building pad.

Blasting: Blasting has occurred intermittently, all in the eastern portion of the site, as bedrock has been encountered that could not be removed with equipment. This intermittent blasting is expected to be completed by the end of April.

Vibration Monitoring: Vibration monitoring equipment has been placed in multiple locations around the perimeter of the property. As of April 6, the seismic reports completed have recorded vibrations well below the industry standard safe limit.

Water/Soil Run-off: Storm drain piping has been installed throughout the site. The erosion control system continues to perform its function and is reviewed in accordance with State and local regulations.

Questions on property claims or construction progress: All damage claims will be investigated by Brasfield & Gorrie's insurance company. If you have a damage claim to report or have any questions about the construction progress and phases, please contact Brasfield & Gorrie by email at SouthMetro@BrasfieldGorrie.com or through their hotline at 678-290-2621.

Future sales and distribution center for Atlanta Coca-Cola Bottling Company
